

eBooks & Audiobooks

on EBSCOhost®

An Essential Part of a **Quality Collection** for *School Libraries*

Access Premium Titles from Leading Publishers

With eBooks on EBSCOhost®, school libraries can build a high-quality collection from a growing selection of scholarly, frontlist and award-winning eBook and audiobook titles from leading publishers. These titles cover a broad range of subject matter and topics to help students and staff with any research need, in any age group. And with **no fees and no markups** on any title, eBooks on EBSCOhost is always a cost-effective option for any library.

A Powerful, Familiar Search Experience

eBooks on EBSCOhost provides a powerful yet user-friendly search experience for researchers—users can discover relevant eBook and audiobook titles alongside other EBSCO databases, find the same intuitive search features and tools as EBSCOhost, search the full text of eBook titles, enjoy a simple download process and much more.

Find the Perfect Collection of Subject-Specific Titles for Your Library

In addition to individual titles, EBSCO offers several pre-packaged collection options that are hand-selected by a team of Collection Development experts to meet the diverse needs of your library users—from students to staff. (*See the reverse side for sample K-12 collections.*)

Acquiring eBooks Has Never Been Easier

K-12 libraries have more options than ever for building or growing eBook collections, including flexible Ownership/Patron Driven Acquisition options (Unlimited Users, Three Users or One User), Subscription packages, Consortium Subject Sets and Lease/Rental options (coming soon).

Find the **Perfect Collection** for Your *School Library*

EBSCO makes it easy for K-12 libraries to discover titles that meet user needs by organizing eBooks and audiobooks into pre-packaged collections, including Subscription Collections and Featured Collections.

(Titles within collections can also be purchased on an individual basis.)

Subscription Collections

These packages include a large number of titles across a broad range of subject areas, with new titles added on a monthly basis (at no additional cost).

eBook Subscription High School Collection

This collection contains roughly 5,100 titles designed to support a quality learning experience for high school students across all academic subjects, from History, to Language & Literature, to Science & Technology. The collection also features a selection of Teacher Resources to support educators and administrators.

eBook Subscription K-8 Collection

Containing approximately 4,800 titles, this collection provides coverage to support the K-8 curricula. Titles selected support a quality learning experience for K-8 students across all subject areas. The collection also includes Teacher Resources to support educators and administrators.

Blackstone Audio Collections

These audiobook collections feature thousands of unabridged titles, including contemporary and classic fiction, mysteries, movie tie-ins, science fiction, children's literature, the latest best-sellers and award-winning titles.

Tantor Media Collections

These audiobook collections feature a broad range of contemporary fiction, history, classics, biographies and popular non-fiction titles, including hundreds of iPod-compatible titles.

Featured Collections

Featured Collections offer titles that cover a range of different topic areas from within a particular subject, and include frontlist titles whenever possible. Titles are owned in perpetuity.

eBook Children & Young Adult Collection

This eBook package supports the educational needs of students, offering a collection of titles that cover a broad range of curricular topics, including earth science, biology, social studies and world cultures.

Audiobook Children and Young Adult Collection

Containing juvenile fiction and non-fiction audiobook titles, this collection offers titles on a diverse range of topics to both complement curricular content and to pique general student reading interests.

Community College Collection: Nursing and Allied Health

This collection of frontlist titles contains a wide variety of content curated for students looking to pursue careers in nursing, radiology, dental hygiene, veterinary technology, computer software and other areas related to the nursing and allied health field.
